**Math:** addition review

**Coins:** quarters

**L&A:** Poetry

**Bible:** Jesus appears to Mary

## This Week in Kindergarten:

I hope everyone had a great weekend. Last week we had a colorful time learning about rainbows. This week we learn about the components of a poem. Also we will read and write our own poetry.

In Phonics this week we will review some special sounds from the last few weeks and blend them with short vowel sounds. Next, we will introduce some new special letter sounds: sw-, spl-, spr-, and scr-

In math, we will review half hour on clocks. Continue practicing counting by 5's. We will also learn more about before numbers and less than. Introduce quarters and the amount they are worth.

## Reminders:

Next week in honor of earth day we will be talking about recycling and ways we can take care of our earth. We will be doing several lessons and projects with recyclable materials. If you have any spare recyclable materials you would like to donate please bring them in and place in the box outside the classroom. Thank you.

examples: drink bottles, small boxes, cardboard, newspaper, bottle caps, egg cartons etc.
